- 40** ▶ Contractor Survey Tidbits

Departments

- 2** ▶ President's Message
- 35** ▶ Industry News
- 40** ▶ Advertiser Index
- 30** ▶ Construction & Economy
- 39** ▶ Industry Calendar

RCI was chartered, in part, to bridge the gap between the seemingly disparate elements of the roofing profession. It is the intent of *Interface* to connect with these elements, educate and inform about roofing-related topics, establish a common ground for discussion, promote Institute programs, and branch out toward even more people. *Interface* is circulated monthly to over 3,000 people (nationwide and overseas) including RCI members, specifiers, facility managers, owners, industry contacts, and a growing number of highly placed professionals. *Interface* is frequently distributed at various trade shows, as well as educational and institutional functions. The articles contained in this publication are intended to provide information that *may* be useful to members of the Roof Consultants Institute. RCI does not necessarily endorse this information. The reader must evaluate the information in light of the unique circumstances of any particular situation and independently determine its applicability. Entire contents, © RCI.

On the Cover: By 2001, when restoration began on Saint Paul's Cathedral in St. Paul, Minnesota, weather and the years had taken their toll. Roof Spec Inc. was the firm hired to refurbish the roof of the 85-year-old copper-domed beauty. See the story of the two-year, \$35-million restoration project, starting on page 18.
